## **HAND CRAFTED BEERS**

### **Silvertop Lager\_5.5 /10**

German style Kolsch, light, bright, crisp - ABV 4.1%

A light bodied beer with bright straw yellow hue. Holding a tall white head this beer is like dew from a forest giant, the Silvertop Ash. Supple malt flavors that hint at vanilla and apricot are balanced by a gentle bitterness and aromatic hoppy nose.

### **Pale Ale\_5.5 /10**

American Pale Ale, balanced, Cascade hop aroma - ABV 4.8%

Before you take that first sip you've gotta breathe this one in. Those Cascade hops are like the bush after rain. Have a sip, you'll get lovely apple flavours then a lingering nudge of caramel malt. The finish leaves a refreshing crispness. The Cascade hops lend a lasting touch of bitterness gently balancing the malts.

### **Irish Red Ale\_5.5 /10**

Irish Red, deep earthy malts, spicy hop finish, mid-strength - ABV 3.6%

A beer for after cutting wood or just sitting by the fire. Pour into a large glass with generous head then watch it hold to the last sip. Coloured copper red with earthy malt flavours of dark caramel, chestnut and a touch of roasted barley. A spicy hop note dominates leaving a crispy refreshing bitter finish.

### **Stout\_5.5 /10**

Oatmeal Stout, complex malt profile, smooth creamy head - ABV 4.5%

Pouring a deep cherry red and developing a smooth late like head this one presents with dark mystery. Created with six malts and oatmeal we achieve a rich complex malt profile and silky mouth feel. Just a touch of hops to mellow the roasted malt providing a gentle bitter finish. A complex stout, bigger than the numbers would suggest.

### **Seasonal Releases**

Check out our latest seasonal offerings and brewhouse special limited releases

### **Tasting Paddles**

Sample a selection of either 6 - 7 or 8 styles\_12/14/16

### **Take-Away Beer**

**Brewer's Note** - our beer is a live, hand-crafted, unfiltered - unpasteurised - bottle conditioned product. Be sure to store in a cool, dark place and drink whilst fresh.

## **ABOUT US**

### **About the Forrest Brewing Company**

The Forrest Brewing Company is a sibling owned small scale brewing operation and brew-pub. Matt makes the beer, Sharon runs the business affairs. Established in 2010, the Bradshaw's have helped turn around the fortunes of Forrest by introducing a small scale manufacturing and tourism activity into this once declining timber town, located in the middle of the Forest.

### **About our venue**

We have resurrected, renovated and extended the old general store in Forrest. When we moved in the place was full of blackberries and possums, you wouldn't recognise it now! Our place is intentionally casual, we aim to offer great food influenced by and matched with our beers. You can dine in your bike riding gear or in your Sunday best. We employ local people who love where they live and are happy to talk about Forrest or our beer.

### **About our brewery**

We have a small 600 litre brew house, originally sourced from the 3 Degrees Bar & Bistro in the QV Building in Melbourne. We are small scale brewing at its best. All our beer is brewed on site (nothing is contracted) then we hand bottle, hand label and bottle condition.

### **About our Station Street - expansion / development plans**

We have a new much larger location based at the old Forrest Timber Mill, in Station Street. This 6 acre site will be home to a production brewery, a hospitality and function space, and 20 eco-accommodation pods. There will be plenty of open space, in what we like to call a 'post-industrial Craft Beer estate'. There are beautiful views over the valley, take a walk and check it out. It's currently home to our alpacas - Lilly, Bob & Sticks. The site is due for completion in Sep 2020.

### **About Forrest**

Forrest, Victoria is a small rural township located in the Otway Ranges pop. approx. 170. People visit Forrest to ride our world class single track Mountain Bike Trails or to walk or camp in the beautiful rainforest and enjoy the casual village environment. If you are thinking about visiting for the weekend, there is plenty of accommodation available in Forrest, if you can't get a booking at the Brewer's Cottage check out [www.forrestvictoria.com](http://www.forrestvictoria.com)
